September 4, 2018-Des Moines, Iowa-*Life Right Action* is pleased to announce the launch of our latest campaign, *Wrong Way, Fred!*

“In his quest for the role of Iowa’s governor, Fred Hubbell has spent the past few months telling us that he wants to ‘get Iowa going the right way,’” stated Jenifer Bowen, President of Life Right Action. “We’ve researched Fred’s actions and comments over the past few decades and find that the stakes have never been higher.”

“Whether it’s his push for abortion on demand, and at the taxpayer’s expense, or bragging about purchasing a building for Iowa’s largest abortion chain, as governor, Fred Hubbell would further endanger our unborn children.”

“The *Wrong Way, Fred* campaign exists to educate Iowans on exactly what we would be getting if Fred Hubbell became our Governor. Loaded with content and shareable graphics, we want all Iowans to learn the truth about the direction Fred Hubbell wants to move Iowans -- and that would be backward, not forward! That’s the *Wrong Way, Fred!*,” Bowen concluded.
